REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not specifically disclose or remotely suggest

With regard to independent claims 1, 19, and 37:

a session file including an **audio file and multimedia data**;

displaying a **control panel graphical interface including an *amplifier*** for a musical instrument, the control panel graphical interface having settings that define sound characteristics for the musical instrument to alter the audio signal; and

creating a mixed signal that combines the altered audio signal with the audio file, the mixed signal being transmitted through a sound device such that the **user can play the musical instrument in conjunction with the multimedia presentation of the audio file**.

In addition, Examiner points to the arguments of Applicant's representative (Response on 10/20/05; pp. 10 – 16).

These limitations, in conjunction with the other limitations in the independent claims, are not specifically disclosed or remotely suggested in the prior art of record.
